

Unscramble the wild animal names

Name: _____

The animals want you to spell their names properly. First, unscramble the name of the animal and write it correctly.

Next, draw a line from the muddled word to the correct animal.

Lastly, write the correct name in the right place in your personal dictionary.

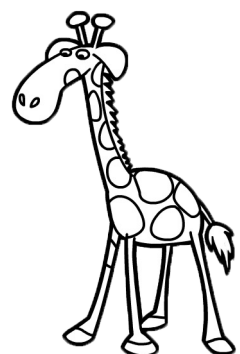

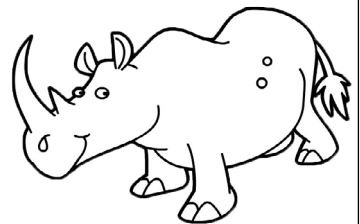

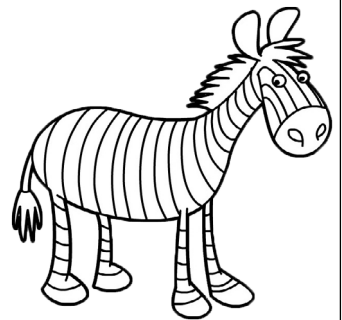

easkn

fefargi

ohnir

inol

abrez

Write two sentences about each animal, describing what it looks like.

What colour is the animal?

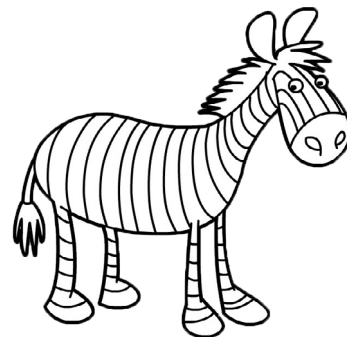

Does it have spots or stripes?

How many legs does it have? Is it fat or thin? Is it tall or short?

Remember to use capital letters and full stops.

Example: A cheetah has spots, a cheetah has long legs.

1. _____

2. _____

3. _____
